

We are constantly growing and are currently looking for
Construction supervisor (m/f/d)

in the department of coating, concrete repair and building protection at
our plant in **Sande**

Benefits:

- We offer competitive payment.
- Show your potential and climb the career ladder.
- With us you can work independently and design projects.
- We think about your future and offer a company pension.
- With us, you are part of a great team where everyone supports everyone.
- With us, you count as a human being, not just as an employee.
- With our Jobrad offer, we support environmentally friendly mobility options.
- Provision of a company car also for private use.
- Permanent contracts.

Tasks:

- Acquisition, evaluation and implementation of construction projects.
- Planning and design of personnel, equipment and material use
- Skill-oriented deployment of employees
- Results-oriented leadership of the team
- Coordination and responsibility for the smooth running of the project
- Contact to all project participants

Profile:

- Completed training ideally as a painter and painter, supplemented by additional commercial or master's training or studies in civil engineering
- Practical experience as project and construction manager
- Teamwork and sense of responsibility
- Self-confidence and communication skills
- Independent and goal-oriented way of working
- Identification with the subject area

If you would like to take on the challenge of working with us as a site manager and have the necessary qualifications, then we look forward to getting to know you!
